

split-flange coupling caps **CODE 61 CC SERIES**

Designed to protect the machined surfaces of Code 61 split flanges. The engineered internal locking beads holds the cap securely. Translucent cap allows the o-ring to remain visible.

Specifications

- Material: Low-Density Polyethylene
- Color: Natural

CODE 61 Part Number	Flange Size	Dash Number	A To Fit Flange Head Diameter	B To Fit Flange Head Thickness	Standard Package
